

SUSHEEL VERMA

Android Developer

Greater Noida, Uttar Pradesh, India – 201310

+91 8318204216 — susheeverma444@gmail.com — Portfolio — GitHub

Professional Summary

Android Developer with hands-on experience building native applications in Kotlin and Java using MVVM architecture, REST APIs, and Firebase. Experience extends to backend development with Spring Boot and JWT-based authentication. Currently expanding into Jetpack Compose, Kotlin Coroutines, and Generative AI integration. MCA graduate seeking a full-time Android or Mobile Application Developer role.

Technical Skills

Languages: Java, Kotlin, C++, C

Android: Android SDK, MVVM Architecture, Retrofit, Room, Volley, LiveData, ViewModel, Navigation Component, Material Design, XML, RecyclerView

Backend & APIs: Spring Boot, REST APIs, JWT Authentication, Firebase (Authentication, Firestore, Cloud Messaging)

Databases: MySQL, SQLite

Tools & Practices: Git, GitHub, Gradle, Postman, Agile/Scrum

Currently Learning: Jetpack Compose, Kotlin Coroutines and Flow, Dependency Injection (Hilt), Unit Testing (JUnit), CI/CD, Generative AI API Integration (Gemini API)

Experience

CyberShield Technologies Private Ltd.

Nov 2025 – May 2026

Junior Software Developer Intern

Greater Noida, India

- Developed and maintained Android applications using Kotlin and Java following MVVM architecture
- Collaborated with product and QA teams to deliver features with responsive UX and Material Design
- Participated in Agile/Scrum sprints, including code reviews and daily stand-ups

Indo German Tool Room Indore (MSME Initiative)

April 2025

External Trainer – Java Developer

Indore, India

- Delivered Java programming and computer fundamentals training under the MSME initiative
- Simplified complex programming concepts through practical, real-world examples and assignments

Code Better

Dec 2022 – Mar 2023

Android Developer Intern

Indore, India

- Developed Android applications using Java and Kotlin with REST API integration and Firebase (Authentication, Firestore, Cloud Messaging)
- Designed responsive UI using XML, RecyclerView, LiveData, ViewModel, and Material Design patterns

Projects

SkillGroww – Android LMS Application

GitHub

Kotlin, XML, REST APIs, Room, Retrofit, ViewModel, Navigation Component, Gradle

- Built a scalable Android application using Kotlin and XML-based View system for course delivery
- Integrated REST APIs using Retrofit for efficient network communication and data handling
- Structured navigation and screen state using ViewModel, LiveData, and Navigation Component under an MVVM architecture
- Designed consistent UI/UX with defined typography and color themes for improved user experience

SRS Security System – Role-Based Access Control

GitHub

Java, Spring Boot, REST APIs, JWT, MySQL, Postman

- Designed and implemented JWT-based authentication and role-based access control (RBAC)
- Built REST APIs with input validation, exception handling, and encrypted password storage
- Tested authentication and authorization workflows using Postman

Education

LNCT University

2023 – 2025

Master of Computer Applications (MCA)

Bhopal, India

CGPA: 7.77 / 10.00

Bundelkhand University

2019 – 2022

Bachelor of Computer Applications (BCA), Honours

Jhansi, India

Percentage: 66.8%
